COMOR-D-35/3

SECRET   D-1

26 January 1962   25X1

MEMORANDUM FOR: Select Members of the U.S. Defense and Intelligence
                  Community

SUBJECT   : Instructions for Control of Documents which, in Addition
                  to [   ] Contain COMINT, TALENT-KEYHOLE and/or TALENT   25X1
                  Information

1. This Directive supersedes COMOR D-35/1 of 18 April 1961
(TCS-9071-61-KH).

2. Section V, B, 9 of the [   ] Security Manual states: "Instructions   25X1
for control of that material which, in addition to [   ] is the subject of   25X1
another special security System (dual code word material) are outlined in
separate directives." The purpose of this Directive is to establish proce-
dures for the control of documents wherein [   ] information appears in   25X1
combination with COMINT, TALENT-KEYHOLE and/or TALENT materials.

3. Whenever [   ] information is used in conjunction with other   25X1
codeword materials, such as COMINT, TALENT-KEYHOLE and TALENT, the control
of such materials will be governed by procedures prescribed for these
latter systems; e.g.:

    a.   A COMINT control number will always be used
         if COMINT information is included regardless
         of whether TALENT and/or TALENT-KEYHOLE also
         appears therein.

    b.   If no COMINT information is involved but
         TALENT-KEYHOLE, a TALENT-KEYHOLE Control
         number will be used.

    c.   If no COMINT or TALENT-KEYHOLE information
         is involved, but TALENT, a TALENT Control
         number will be used.

4. The following additional procedures pertain whenever a document
contains [   ] information in addition to COMINT, TALENT-KEYHOLE and/   25X1
or TALENT:

    a.   Delivery will be effected by a TALENT courier.

    b.   Delivery must always be effected to control
         centers which, in addition to being approved
         for COMINT, TALENT-KEYHOLE and/or TALENT,
         must be approved for [   ]   25X1

    c.   Internal arrangements must be made to ensure
         that such documents are controlled or viewed

MORI/CDF

25X1

only by persons possessing Security Approval
for [   ] or the appropriate [   ] project,   25X1
in addition to the other specific clearances.

d. The cover sheet of each document, in addition
to indicating all other special security
systems to which the document is subject,
will bear the statement: "This document
also contains information referring to pro-
ject(s) (Name of project(s) inserted) and   25X1
must be handled within the [   ] Control
System."

e. The name of the appropriate [   ] project(s)
will be stamped at the top and bottom of   25X1
each page of the document in addition to the
classification and other system indicators.

f. All documents will be double wrapped or double
enveloped for delivery.

g. In the upper right-hand corner of the outer
wrapping or envelope will appear the letter
[   ] in addition to other appropriate indi-   25X1
cators.

h. The inner wrapping or envelope will bear   25X1
the indicator [   ] in addition to
other appropriate system indicators.

5. Each area [   ] Control Officer to whom this Directive is dis-   25X1
seminated will paraphrase instructions contained herein for the benefit
of such other area [   ] Control Officers coming under his jurisdiction   25X1
to assure that reference to COMINT, TALENT-KEYHOLE and/or TALENT is de-
leted where dissemination is being effected to areas not approved for any
of these matters.
